

FROM OUR PRESIDENT ...

Ezra-Habonim, the Niles Township Jewish Congregation is unique in so many ways.

We are warm and friendly, open and inviting, and neither judgmental nor doctrinaire. Affiliated with both the Conservative and Reconstructionist Movements, we have always been fully egalitarian and open to both traditional and modern thinking. We offer religious services each and every day.

We are very proud of our educational programs, not only our innovative Hebrew School but also our award-winning Adult Education and Social Action programs. While we study and learn, we also feature programs that are fun and entertaining.

Our clergy, Rabbi Jeffrey Weill and Cantor Benjamin Warschawski, take second place to nobody anywhere for their unique talents. If you haven't yet experienced our services, just wait until you do. Even more important, they are truly wonderful people who are always there when congregants need them.

Most important, we are, in a word, *Hamish*, a nice antidote to the intensity of North Shore life.

If you have any questions, I would be happy to talk to you, as would any one of us. Please don't hesitate to drop by or call the office.

Best wishes for health, happiness, and peace.

Allan Carroll
President
